Volunteer to participate on Committees!

OHCA OHIO HEALTH CARE ASSOCIATION
OCAL OHIO CENTERS FOR ASSISTED LIVING
OCID OHIO CENTERS FOR INTELLECTUAL DISABILITIES

The Association welcome — and encourage — member participation in the process of identifying, evaluating and recommending action on the various policies, rules and other forces impacting providers, their residents/clients and communities.

Committees and other Association groups provide many opportunities for members to become involved, and to benefit from the significant access to information and resources available through this participation.

Association committees are open to any interested member.

We invite you to review the following list of committees and consider becoming involved in the areas where you can share your experience or where you wish to have access to key information. In consideration of members' time, many meetings are held by conference call, and we often solicit committee members' input via email.

To volunteer or to ask questions, please email the committee staff member listed below. Thank you for considering Association committee service!

If you currently are serving on a committee, you do not need to respond to this solicitation unless you would like to join a different committee.
